VOLUME 10 ISSUE 1

## A LETTER FROM THE NATIONAL ALUMNI PRESIDENT

My Fellow Alums,

Thank you for all that you do to support Savannah State University. In the midst of some very significant changes that have tested the character and resolve of both our institution and our association, you have not wavered in your commitment and support for SSU. Our chapters have continued to offer scholarships to deserving students in their local communities and support the "Closing the Gap" initiative to keep students in school at our beloved alma mater. Our reunion classes continue to raise the bar with their fundraising efforts which are producing huge donations to the school. Under the leadership of Mr. Tony Wright (SSUNAA VP) and Ms. Kelli Siebert (EASC President), our organization was able to raise over \$75K for the Tom Joyner School of the Month campaign in November of 2018. No matter how difficult the odds against our success may be, we continue to fight for our institution. Now we may not always agree on what is the best method to address our issues and challenges, but we all agree that we owe Savannah State more than we can ever repay.

In January of this year, the 13th President of Savannah State University, Dr. Cheryl D. Dozier announced that she will be retiring at the end of June. We would like to thank her for her service to SSU and her efforts to propel our students to become high achievers in the classroom and in their chosen fields of endeavor. We wish Dr. Dozier and her family all the best as they embark on this new journey in their lives.

Over the next several months, once again Savannah State will be experiencing significant changes. This is nothing new for us because we have endured changes for over 129 years. We will embrace these changes and find opportunities within them.

"You can't stop the future  
You can't rewind the past  
The only way to learn the secret  
...is to press play."

On January 22-24, 2019, alumni from Albany State, Fort Valley State and Savannah State Universities gathered in Atlanta for the annual GAAHBSU Legislative Conference. The collaboration of these three state universities was created 34 years ago to foster a collective effort to assure the continued existence, growth and advancement of these three unique higher educational institutions.

Because of the rapid changes which place new approaches and innovative solutions in order to move our universities forward in this global economy, this year's sessions were designed for alums to personally interact with representatives from Georgia State University and Thurgood Marshall College Fund.
